

WEEE DECLARATION

The Waste Electrical and Electronic Equipment Directive 2012/19/EU (WEEE Directive) requires producers of electronic and electrical equipment (EEE) to manage and finance the collection, reuse, recycling of the relevant products. The goal of this directive is to minimize the volume of electrical and electronic waste disposal and to encourage re-use and recycling at the end of life.

Oras Group has met its national obligations to the WEEE Directive by registering in those countries to which Oras Group is an importer. Oras Group has also elected to join WEEE Compliance Schemes in some countries to help manage customer returns at end-of-life.

Oras Group has marked its electronic products with the WEEE Symbol to alert our customers that products bearing this label should not be disposed of with municipal or household waste in the EU.
